The Walk to Emmaus

The gospel of St. Luke relates the story of the risen Christ appearing to two who were walking along the road from Jerusalem to Emmaus (Luke 24:13-35). This story provides the image of the *Walk to Emmaus*, a program that calls for and renews Christian discipleship.

Two friends were walking together. They were sharing their deepest hearts' concerns. The risen Christ joined them and explained the scriptures as they walked, how it was ordained the Christ should suffer, and so enter his glory. This experience on the road was a heart-warming experience as the risen Christ walked and talked with them. The illuminating climax of the experience was when Christ took the bread and said the blessing, then broke it and gave it to them. The two had their eyes opened and they recognized him as the risen Christ.

As in this Bible story, the Walk to Emmaus is with friends; the scriptures are explained in such a way as to bring light and understanding to our needs. For many, it will be a heart-warming experience. Many will share so deeply in worship and Holy Communion that their eyes will be opened and they will see the risen Christ. Participants study, discuss and experience God's grace and grace will become personal in small communities through table group discussions. Those attending the weekend personally experience God's grace through prayers and acts of service of a living support community.

One of the primary strengths of Emmaus is the follow-up activities. Reunion Groups meet weekly to reflect on and share their disciple opportunities and responsibilities. Such a group is made up of three to six people. A person's sponsor will help their pilgrim find a Reunion Group. Regular Gatherings afford an opportunity to join with other Emmaus Pilgrims in a particular geographical area to share fellowship, worship and informal instruction. The Community Newsletter provides information about community activities, as well as plans for future Walk weekends.

The real focus of the Emmaus Community is not on itself, but on the local church and on an individual's personal spiritual renewal. The objective of Emmaus is to inspire, challenge and equip local church members for Christian action in their homes, churches, places of work and communities.

The weekend is a 3-day (72 hour) experience that begins Thursday evening and concludes Sunday evening.
